**Clarification of News Report**

We confirm the veracity of the following points, except for the year "2017" in item g, highlighted by Ms. Krista Angela M. Montealegre of BusinessWorld, who wrote in the publication's print and online editions dated 18 and 19 February 2015, the story titled "Sugar miller Roxas Holdings, Hong Kong's First Pacific to seal deal this year".

Instead of 2017, it should be "2018" as reflected in the press release disclosed to the PSE last February 18, 2015.

- a. "Roxas Holdings, Inc. (RHI) may seal an agreement this year with First Pacific Co. Ltd. for a joint venture in Indonesia, marking the Philippine sugar company's expansion in Southeast Asia."
- b. "On the sidelines of the company's stockholders meeting yesterday, RHI President and Chief Executive Officer Renato C. Valencia said the firm may set up an integrated sugar operation in Indonesia that includes a sugar mill refinery, ethanol plant and cogeneration plant."
- c. "First Pacific Managing Director Manuel V. Pangilinan said RHI and the Hong Kong-based company 'may' hopefully reach an agreement this year."
- d. "We're helping them, but we have to do that with the Salim Group because they already have operations there. It will be best if we do a joint venture with Anthoni [Salim]," Mr. Pangilinan said, referring to the chairman of First Pacific."
- e. "As RHI diversifies its revenue stream, the company's venture into ethanol and the development of cogeneration facilities are seen accounting for bulk of the revenues in the next three to five years, said Pedro E. Roxas, the company's chairman."
- f. "RHI is undertaking a feasibility study for the development of a second cogeneration facility, a 30-megawatt plant at its Nasugbu, Batangas mill and refinery. The study will be completed in three to four months, Mr. Valencia said."
- g. "RHI and Global Business Power Corp. (GBPC), the power generation arm of GT Capital Holdings, Inc., are holding a final round of talks for the award of a front-end engineering design for a \$100-million 40-MW cogeneration facility beside RHI's sugar mill in La Carlota, Negros Occidental. The project is on track to be completed in 2017."
- h. "RHI Executive Vice President and Chief Finance Officer Armando B. Escobar said the company is spending P1.2 billion to upgrade its plants."
