

## SCBI Advocates for Good Hygiene

In support of SCBI's advocacy for health and wellness, a Memorandum of Agreement (MOA) was signed with Don Juan Ledesma Elementary School on Oct. 3, 2018. The MOA signing was led by Damaso T. Agudelo, Jr. (AVP-Head, Factory Operations) together with Jose B. Villanueva III (VP and Chief Manufacturing Officer). One hundred thirty-three (133) pupils from Kindergarten to Grade VI received hygiene kits as part of RHI's READ (Reaching out for Environmental Awareness and Discovery) Program and in support of the observance of National Hygiene Month.

This is also one way of enhancing the health condition of students and providing a medium for teachers to inculcate the value of proper personal hygiene as an essential element in one's wellness.
